— HOTEL VANCOUVER —

# Who are we?

## BRAND FOREWORD

The hotel industry is going through a reset. People are not just looking to travel again, they are looking for meaningful emotional connections and memories. Paradox Hotel Group was born out of an extensive study of this evolution and our firm belief that a hotel should be more than just rooms and a bed – it should be a communal hub where visitors and locals can mix, mingle and congregate. Our goal is to create hotels that become local champions, places where locals embrace, support and frequent. We strongly believe that a distinct identity rooted in local culture is crucial for a successful hotel group.

Our global teams possess decades of experience and an established network of industry partners, having developed and operated numerous high-profile hotels worldwide. We strive to be at the vanguard of curating inspiring and exceptional experiences for our travelers, so it was imperative to not only come out with our own distinct brand but also create something that would exceed expectations by challenging the industry status quo. We have always wanted to consolidate our hotels, and the time to embark on this meaningful journey is right now.

Paradox Hotels

There's a fascinating duality at the heart of every person—something you only get to discover when you enter into a joy-reaping relationship with people.

TONY MEDD

General Manager,  
Paradox Hotel Vancouver

At Paradox Hotel Vancouver, we believe that luxury is more about being able to live, enjoy, experience and make memories with the most important people in our lives. Our vision for this hotel is to create vibrant social spaces that facilitate authentic relationships between our guests, the city and its people.

We're not always aware of the prevailing norms of our industry or "traditional conventions" because we're so focused on building on what we love about hospitality. We don't stick to the rules of how traditional hotel teams are supposed to operate — and some might consider that as we're challenging the status quo.

But there's a fascinating and beautiful paradoxical spirit in Vancouver where world-class luxury and laid-back lifestyles go hand-in-hand. The Paradox Hotel Vancouver is one of the most stunning buildings in the city. Still, we are building out something more than just another accommodation — we are building a lifestyle.

# What is Paradox?

At the heart of this is what Paradox is all about: authentic relational connection with our own approach to hospitality. We conceived Paradox to be playfully refined yet curiously unconventional in our approach to traditional hospitality. The name Paradox aptly embodies the duality of this new genre of lifestyle-oriented hotels we are creating. We want every Paradox location to be true to its own set of contrasts and curiosities in tasteful and well-designed ways while remaining approachable, witty and fun.

# What makes Paradox Lifestyle Centric?

# Hotel Design & Concept

Centrally located on the city's West End, Paradox Hotel Vancouver is no ordinary building. Designed by a world-renowned Canadian architect and celebrated local luminary Arthur Erickson, the 69-story tower is Vancouver's second tallest building and a landmark on the city's skyline. The iconic twisting tower is stunning not only on the outside but also on the inside. The architectural twist rotates each floor to allow every room to have its own unique floorplan with distinct views looking out from the floor-to-ceiling windows. Paradox Hotel Vancouver rooms capture the city from every angle -- with cityscape views of Coal Harbour, Stanley Park and a stunning backdrop of mountains beyond the downtown core.

WE'RE  
SERIOUS  
ABOUT  
HOSPITALITY  
BUT  
NEVER  
TAKE  
OURSELVES  
TOO  
SERIOUSLY

## Carefully curated interiors and exteriors invite immersive experiences

Paradox Vancouver breaks the mould of what you thought "luxury-lifestyle" meant in a hotel in a world full of mediocrity and sameness. A place that is both comfortable and eccentric, with an intimate sense of space and an atmosphere of chance encounters.

Paradox Hotel Vancouver is a bold, modern take on upscale lifestyle and boutique hotel stays. We're classic but not conservative; sophisticated but unpretentious. Carefully curated interiors and exteriors invite immersive experiences that are playfully refined but

curiously unconventional. We're serious about hospitality but never take ourselves too seriously.

At every turn, our staff will go above and beyond to deliver more than just white-glove service. We're here to cultivate an atmosphere of social energy that engages your emotions and inspires you to seek out new experiences. Seamlessly woven into the design of our amenities and facilities are personal touchpoints that express our thoughtful and witty approach to hospitality.

# The Hotel

When you stay at Paradox Hotel Vancouver, think of us as your host and your accomplice – that “in-the-know” friend tugging you off the beaten path into uncharted territory. We’re strong supporters of living life on your terms (no judgement here) and not big on playing by the rules, but don’t worry, we won’t

let you get into too much trouble. We’re collectively eclectic, eccentric and sometimes a little bit weird. We’ve got your backstage passes for all things Vancouver, your own personal portal to the city’s most exclusive venues and undiscovered gems.

...think of us not only as your host but your accomplice.

Located on the iconic Golden Mile of downtown Vancouver. We’re dangerously close to the city’s choicest retail therapy stops and offer easy access to our favourite spots inside and outside the Coal Harbour area.

# What you get

Some hotels confuse “boutique” with “bare bones.” Not us. Come to think of it, we may have made it a little too hard to leave the hotel. Perks abound, including a Chinese restaurant where haute cuisine and high design go hand-in-hand. Two chic lounges. A state-of-the-art gym and spa, an indoor pool and an outdoor Jacuzzi.

# VANCOUVER

Paradox Hotel Vancouver is a boutique lifestyle hotel where cultured, yet laid-back hospitality invites immersive experiences that are playfully refined but curiously unconventional. From our high-design hotel rooms and suites to our curated amenities, we're a step or two quicker than Vancouver's usual boutique hotels.

**Fitness Centre:** State-of-art Fitness Centre with an array of Technogym<sup>®</sup> ARTIS equipment.

**Pool & Jacuzzi:** Indoor swimming pool and relaxing outdoor Jacuzzi.

## *Pet Friendly*

No breed too wild, no size too big! We hate to pick favourites, but our furry guests are our favourite guests; our pets are family, and we do not charge extra for them to stay with us.

## CHEF LEE MAN SING

GROUP CHINESE  
EXECUTIVE CHEF

Culinary Director Malcolm Wood and Chef Lee of Hong Kong have teamed up to create the Mott 32 menu with their combined years of experience. Malcolm Wood spent his younger years living in Taiwan before moving to Hong Kong and has always been passionate about the traditional recipes of Chinese home cooking that have been passed down through generations. This proved a winning combination with Chef Lee's talent for producing some of Hong Kong's favourite dishes.

Chef Lee takes pride in understanding each ingredient as he adapts a contemporary approach when recreating authentic Chinese cuisine by sourcing fresh ingredients. "I usually source fresh ingredients from sustainable producers to maintain the

quality of the food from both local and overseas suppliers," says Chef Lee. The menu at Mott 32 perfectly illustrates Chef Lee Man Sing's masterful skills in creating authentic Chinese dishes.

## RENOWNED DISHES

Mott 32's menu features a variety of sophisticated yet authentic Chinese dishes that draw heavily from Cantonese and Szechuan influences. Signature dishes include our 42 Days Apple Wood Smoked Peking Duck, as well as a selection of dim sum made freshly by hand every day.

## DIM SUM

Our dim sum chefs source ingredients from all over the world to recreate traditional recipes using modern and creative cooking techniques.

Chef Lee has captured Hong Kong's attention with his soft-boiled quail egg, cleverly placed inside a Kurobuta pork Siu Mai with black truffle. This small but powerful bite perfectly encapsulates Mott 32's commitment to reconceptualising classic Chinese recipes.

## BARBEQUE PLUMA IBERICO PORK

Our Barbecue Pluma Iberico Pork with Yellow Mountain Honey uses premium ingredients to recreate a Chinese classic. Each cut of pork comes from top-grade Iberian pigs that are raised on a diet of acorns, grass and herbs, giving the meat a soft and succulent quality that is further emphasised by the traditional roasting methods employed by our barbecue chefs. The cooking process takes over 40 minutes to complete, and includes multiple temperature adjustments to give the pork its signature smokey, charred exterior. A light glaze of Yellow Mountain Honey is brushed over the pork to finish, adding a final sweet and rich touch.

## PEKING DUCK

Our custom duck oven and special air-drying duck fridge are central features of the restaurant. We roast our ducks using both the Cantonese and Beijing methods, a process that takes 48 hours from start to finish. Due to this time-intensive process, our Peking ducks are only available by pre-order.

Each duck is carved and presented with a traditional Royal Cut and served alongside a selection of accompaniments, including piping hot, freshly steamed pancakes, crunchy cucumber, scallions, raw cane sugar, fresh garlic sauce and house-made thick hoisin sauce. Each ingredient has been carefully chosen and prepared to best complement our Peking duck – eaten all together, they elevate this dish to a truly sumptuous level.

## PREPARATION

Hand selected special breed ducks at 42 days old and 2kg in size.

Prepared over 48 hours in our custom fridge and special marinading technique before finished in a brick oven smoked with Applewood.

Hand sliced table side, using age old techniques with a special Mott signature cut to lock in all the juices.

## SERVED WITH

Served with the thinnest steamed pancakes.

Brown palm sugar, Hoisin sauce, peanut & sesame sauce, freshly sliced cucumber and scallions.

Freshly sliced cucumber and scallions.

## COMBINE

Combine crispy apple wood smoked skin with brown palm sugar; and succulent breast meat with Hoisin sauce with peanut and sesame sauce, cucumber and scallions.

## QUALITY INGREDIENTS AND MASTERFUL PREPARATION

Highly respected and well known within the Chinese culinary scene, Chef Lee Man Sing specializes in creating outstanding traditional Chinese dishes with western cooking techniques and elegant presentation. Chef Lee graduated with distinction from the Chinese Culinary Institute while attending the exclusive Master Chef level class despite being one of the youngest in his class at the time. Prior to earning his first Michelin-star for

Mandarin Oriental, Chef Lee cooked for celebrities, international heads of state and government officials. He worked at the Fortune Room at The Hong Kong Jockey Club and Hoi Yat Heen at the Harbor Grand Kowloon before becoming the Head Chef for the Mandarin Oriental Hong Kong where he helped create an outstanding Michelin-starred Cantonese menu in 2012 with traditional favorites and seasonal specialties.

## COCKTAILS AND WINE

At Mott 32, we believe that innovative cocktails and meticulously sourced fine wines from around the world enhance a dining experience.

Our signature cocktails are designed to complement our cooking and use ingredients commonly found in the wider Asia Pacific region, such as Osmanthus honey, infusions with Ginseng roots, goji berries, pomelo, air-dried tangerine peel, shiso leaves, star anise, cardamom and much more.

Our wine list is a selection of fine wines from around the globe. Our philosophy is to deliver our guests value and best representation of each grape variety and wine region. ## KARMA COCKTAILS

Carefully curated with the guest in mind, the Karma cocktail menu features classically inspired drinks with old guard guidance.

## Oud Wood SIGNATURE COCKTAIL

Vancouver is a very versatile city in terms of having both the mountains and the oceans easily accessible within the same day, if not hours. This cocktail is built to encapsulate both elements of these two things.

The herbaceousness of the green chartreuse that lends notes of pine sap and fresh citrus plays with the cedar that brings notes of sandalwood and clove. Imagine yourself in a forest and the aromatics encapsulating that moment.

The fresh coconut water and acid blend bring you to the sea, refreshing, sharp, and crisp air coming off the water. All coming together to bring a well balanced cocktail that best represents what Vancouver has to offer when it comes to the elements surrounding the city.

THE FOOD

Karma will feature pacific rim inspired share plates showcasing fresh, local and sustainable ingredients. We take pride in being a 'from scratch' kitchen and making everything in house, from our maple glazed bacon to our desserts. Our lounge menu has something for everyone, keeping you fuelled into the night when this hybrid room blossoms into a space of revelry.

## GENERAL MANAGER PAIGE STEWART

Vancouver is a city that's been built on an incredible social scene. It's also a city that I've grown up in and one that I love with all my heart. It should come as no surprise then that when we set out to create the lounge concept we now know as Karma, we wanted it to be something that would enhance and contribute to this city's unique culture.

Born and raised in Vancouver, with 12 years working in hospitality, I am thrilled to be bringing you Karma Lounge, which incorporates diverse and carefully crafted elements, including service, menu, design, cocktail and wine program that tell a complete story. With British Columbia being our home, we are excited to embrace it in all aspects, from highlighting local wines & crafting cocktails inspired by our west coast surroundings to designing a menu that features local & sustainable ingredients.

My journey with After Dark Hospitality began as their General Manager at our sister restaurant, WestOak, where I enjoyed numerous long-lasting connections with guests, team members, and our many regulars. And so, when building our team at Karma, we handpicked team members with the same passion and desire for establishing and building relationships within the West Georgia community and providing an incredible destination for business, socializing and relaxation.

## THE WINE

The wine list at Karma Lounge aims to bring together some of the most iconic wines from the old and new world, allowing our guests from around the globe to choose from classic favourites or delve deeper into the flourishing Canadian wine industry, possibly for the very first time.

We want to give everyone from Vancouver locals to international travelers the chance to discover a new bottle to love and to leave feeling like we have added a valuable experience to their passion for wine.

As Karma grows into itself, the wine list will develop alongside and expand further into exciting regions, diverse varietals, and industry innovators championing sustainability and representation.
