The page features a decorative border on the left and right sides composed of various black keyboard keys with white characters. The keys are scattered and overlapping, creating a dynamic, tech-oriented frame around the central text.

We believe in being productive whenever and wherever you are. Unlocking time and enabling you to focus on what's important. Through innovative technology and brilliant design we have created the ultimate in mobile and desktop productivity.

Brydge first launched in 2012 as a successful Kickstarter project (Top 5). It broke records and instantly developed a cult following.

Brydge was born in California, raised in Singapore (by Australian founders), and now calls Park City, Utah home. Our Silicon Slopes location provides the perfect combination of an outdoor lifestyle and accessibility to the largest consumer tech market in the world.

Brydge is well known for its high-quality keyboards, docks and multiport hubs that are designed to enhance productivity, connectivity and efficiency at home, the office, the classroom and beyond.

How did we grow from a niche brand to a global leader in premium tablet and desktop accessories? By creating quality, innovative, design-focused products that allow users to **Go. Do More.**
