**DISNEYLAND® PARIS BEGINS  
PHASED REOPENING ON 15 JULY 2020 WITH,  
ENHANCED HEALTH & SAFETY MEASURES  
AND MAGICAL EXPERIENCES**

*#NoMagicWithoutYou*

## DISNEYLAND PARIS BEGINS PHASED REOPENING AS OF 15 JULY 2020

Marne-la Vallée, (22 June 2020) – Today, Disneyland Paris announced a phased reopening of the resort starting with the Disneyland Park, Walt Disney Studios Park, Disney's Newport Bay Club Hotel and Disney Village as of 15 July 2020. The reopening is in line with guidance from French government and health authorities and has been discussed with Union Representatives from the Comité Social et Economique (CSE). The focus continues to be on promoting the health and safety of Cast Members and guests, as we welcome guests back to Disneyland Paris.

In addition, and subject to the continued evolution of the situation, Disneyland Paris also announced the scheduled phased reopening of several other Disney Hotels including Disney's Hotel Cheyenne on 20 July, Disney's Hotel Santa Fe on 3 August and the Disneyland Hotel on 7 September. Disney's Sequoia Lodge Hotel and Disney's Davy Crocket Ranch will remain closed during the summer with reopening dates announced at a later time.

"All of us at Disneyland Paris are excited to be on the path to reopening over the next few weeks," said Natacha Rafalski, President of Disneyland Paris. "Making magic means even more, as we reflect on the resilience of our Cast Members and community, the enthusiasm of our guests and fans, and the positive momentum of many reopenings in the tourism industry across Europe. We are looking forward to the return of our Cast Members and reopening our gates for guests to once again enjoy."

"We are thrilled to see one of the main tourism destinations in Europe and largest single site employer in France reopen to guests and its employees," said Sophie Huberson, Executive Director of Le Syndicat National des Espaces de Loisirs, d'Attractions et Culturels (SNELAC). "This is an important milestone for the tourism and leisure industry in France and will be a critical step in our industry's recovery." SNELAC is the organization representing theme parks, leisure and cultural areas in France.

### Safety Measures and Experience

The phased reopening will incorporate deliberate approach to safety, with enhanced health and safety measures implemented for both Cast Members and guests. This will include limits on attendance and require advanced ticketing and reservations to accommodate controlled guest density that supports government guidance on physical distancing. As a result, some experiences, shows or events will not be available or may be modified upon reopening depending on the evolution of the safety and sanitary measures and recommendations from public authorities. This includes offerings such as Disney Stars on Parade and Disney Illuminations night time spectacular which will return at a later date.

*The Lion King: Rhythms of the Pride Lands* and *Jungle Book Jive* - will return later in the summer. While Character meet and greets will be temporarily unavailable, Characters will be in the parks in new ways to entertain and delight guests. Other experiences such as playgrounds and makeover experiences will remain temporarily unavailable. Additionally, FASTPASS services will be suspended in order to allow for the necessary queue management on attractions. Cast Members and guests ages eleven and older will also be required to wear face coverings while at the resort. More information on specific measures are available on [www.disneylandparis.com](http://www.disneylandparis.com).

## Ticketing and Reservation System

As Disneyland Paris welcomes guests back to the magic with a limited number of tickets available each day during the initial reopening, a new online reservation system will be available in early July. To ensure admission, guests in possession of or buying non-dated tickets, and Annual Pass holders, will need to register on this new online reservation system to obtain a reservation for park entry prior to their arrival. Guests who already have a dated ticket, do not need to register and reserve a date. Likewise, guests with packages that include park admittance will receive admission for the duration of their stay and do not need to use the new online reservation system.

Tickets and packages are now on sale on the resort's website, Disneyland Paris call center and official travel partner channels, with a limited number of tickets available each day during the initial reopening phase. Ticket sales will not be available on site.

To provide guests with maximum flexibility, new booking conditions are now available to include cancellations and modifications without fees (excluding transport), on stays in the Disney Hotels anytime up to seven days before the arrival date. Specific details are available on [www.disneylandparis.com](http://www.disneylandparis.com)

As Disneyland Paris readies for reopening, guests are invited to check [www.disneylandparis.com](http://www.disneylandparis.com) for the latest information. Fans and guests can continue to experience the magic of Disneyland Paris through [athome.DisneylandParis.com](http://athome.DisneylandParis.com), and use #DisneyMagicMoments on social media to share their stories.

**WASH YOUR HANDS  
REGULARLY**

Enhanced health and safety measures will be in place to promote cleanliness, physical distancing and reduced contact. Details on DisneylandParis.com

Today we look toward the future of Disneyland Paris on our path to reopening. I have been endlessly humbled and inspired by the dedication and resilience of our teams over the past few months to bring us to this moment, and I couldn't be more excited for what's to come as we welcome back our guests to once again enjoy the resort.

To accomplish this, we are taking a coordinated and deliberate approach to our reopening plans with a focus on the health and safety of everyone returning to our resort, from Cast Members to guests. We have been in continuous dialogue with government and health authorities, as well as union leadership, every step of the way to put in place enhanced measures and procedures tailored to our specific environment and the needs of our guests and Cast Members. We know it will take all of us working together, both cast members and guests, in this shared responsibility to promote a healthy and safe environment.

We have eagerly been waiting for the day that we are all able to return to Disneyland Paris, and upon reopening, guests will be able to experience the guest service we are known for, from our iconic attractions and entertainment, heart-warming new character moments and even a few surprises along the way. As we are taking a phased approach, some experiences will change and others will return at a later date, but the magic that our cast is driven to deliver will remain.

Over the next few weeks we will be taking all of the necessary actions to prepare Disneyland Paris for a successful reopening, from minor visible changes for physical distancing to new training for all of our Cast Members. We know that reopening is just the beginning, and we will continually adjust our plans in this evolving situation with input from authorities. I want to thank you all for your patience as we take the final steps in this process.

I am very much looking forward to the day when our guests and Cast Members can celebrate being together again. Until then stay safe, keep dreaming and see you soon at Disneyland Paris!

Natacha RAFALSKI  
President of Disneyland Paris

## DISNEYLAND® PARIS REOPENS WITH LIMITED ATTENDANCE, NEW AND ENHANCED HEALTH AND SAFETY MEASURES

When it begins its initial phased reopening on 15 July 2020, Disneyland Paris will once again invite guests to enjoy the unforgettable and magical moments that it is known for. In line with guidance from French government and local health authorities, Disneyland Paris parks, Disney's Newport Bay Club hotel, and Disney Village will open with enhanced health and safety measures.

As the health and safety of our guests and Cast Members is our top priority, Disneyland Paris' phased reopening will take a deliberate approach with limited attendance, physical distancing and enhanced cleaning measures aligned with guidance from French government and health authorities, and will require the wearing of face covering for guests ages eleven and older, Cast Members and contractors.

On 15 July 2020, the majority of Disneyland Paris' attractions, rides, shopping, food and beverage locations will resume operations. Experiences that draw large group gatherings such as *Disney Stars on Parade*, the nighttime spectacular *Disney Illuminations* and some indoor shows will return at a later date. In order to accommodate physical distancing guidelines, Disney Character meet and greets will be temporarily unavailable. Disney Characters will be in the parks in new ways to entertain and delight guests..

The resort will continually adjust operations and health and safety measures as the situation evolves and in accordance with guidance from French authorities.

## LIMITING ATTENDANCE WITH AN ADVANCED RESERVATION SYSTEM

As Disneyland Paris welcomes guests back to the magic with a limited number of tickets available each day during the initial reopening, a new online reservation system will be required in early July. To ensure admission, guests in possession of or buying non-dated tickets, and Annual Pass holders, will need to register on this new online reservation system to obtain a reservation for park entry prior to their arrival. Guests who already have a dated ticket do not need to register and reserve a date. Likewise, guests with packages that include park admittance will receive admission for the duration of their stay and do not need to use the new online reservation system.

Tickets and packages are now on sale on the resort's website, Disneyland Paris call center and official travel partner channels, with a limited number of tickets available each day during the initial reopening phase. Ticket sales will not be available on site.

To help guests learn about these new health and safety measures and guide their journey from booking to arrival, Disneyland Paris has developed a Disney branded health and safety programme available on digital pre-arrival communication tools such as DisneylandParis.com.

This new programme will feature, Edna Mode, the eccentric fashion designer from *The Incredibles* films. She'll provide guests with top tips to get ready for their day at the Disney Parks. With her characteristic sass and smarts, and with a little help from *The Incredibles* family members, Edna will guide guests with a step-by-step process of how to return to the Disney Parks to make their day incredible.

## NEW PHYSICAL DISTANCING MEASURES TO PROTECT THE MAGIC

In line with guidance from French government and health authorities, physical distancing will be implemented throughout the resort in queues, ride vehicles, shops, hotels, restaurants and other facilities, and signage will be displayed as a reminder.

In attractions, the configuration of each ride including boarding will be adapted for physical distancing between groups or families. Single Rider and FASTPASS services will be unavailable. In addition, kids' playgrounds, traditional Character meet and greets, and makeover experiences will remain temporarily unavailable.

During the initial reopening phase, many Disney, Pixar, *Star Wars* Characters or Marvel Super Heroes will appear in the Parks and offer guests memorable photo opportunities. From unexpected appearances to new Selfie Spots, there's never been a better time to see beloved Characters. Close interactions, including hugs, will be temporarily suspended.

*The Lion King: Rhythms of the Pride Lands* show will reopen during summer 2020, and theaters will adopt a new seating configuration to promote physical distancing. Guests can check the availability of attractions and entertainment through the resort's official website and app.

Restaurants seating capacity will be reduced, while a new Take-Away offer will allow guests to enjoy eating in the many outdoors locations available in both parks. Buffet restaurants will change to a new all-you-can-eat table service offer. Booking is highly recommended for all table service restaurants.

Disneyland Paris boutiques will be open and reconfigured to create a larger circulation space. In addition, Cast Members will be available to encourage physical distancing. Different entry and exit paths will be used in both restaurants and boutiques, while contactless payment will be encouraged and sneeze guards installed at points of sale.

Every guest staying at a Disney Hotel or Disney Nature Resort will benefit from Extra Magic Time and can therefore enjoy access to park areas before official opening times .

In Disney Hotels, elevators will be used one family at a time and sneeze guards will be installed at front desks. Accelerated check-in procedures will be established and room service will be adapted with physical distancing measures.

#### DID YOU KNOW?

More than 20 kilometers of ground marking stickers will help with physical distancing across the resort.

More than 50,000 liters of hand sanitizer will be distributed every month in the whole resort.

### ENHANCED PROTECTIVE MEASURES AND CLEANING PROCEDURES

When Disneyland Paris reopens, a layered approach to health and safety measures will be implemented throughout the resort, including required wearing of face coverings and enhanced cleaning measures.

To promote the health and safety of guests and Cast Members, guests ages eleven and older, all Cast Members and all third-party operators will be required to wear an appropriate face covering at all times except when eating.

More than 2,000 sanitizing and hand washing stations will be available throughout the resort, especially at the entrances and exit of each attraction, boutique, restaurant and theater.

Disneyland Paris will further increase the frequency of cleaning measures in addition to the standards of cleanliness already in place. Prior to reopening, the resort kitchens, sanitary facilities and attractions will undergo appropriate cleaning. Moving forward, increased cleaning and disinfection procedures will be in place in high-traffic areas such as handrails, tables, handles and restrooms. Overnight procedures will clean targeted areas.

Disney Hotels are also going through a phase of deep cleaning prior to reopening , then Disneyland Paris will implement enhanced cleaning and disinfection procedures in several high-touch areas such as handles, light switches, thermostats, remotes and more. This is in addition to our standards of cleanliness already in place. Reinforced procedures include unique/new cleaning microfiber being used for each room, sanitation of amenities, use of double pillow covers and removal of items like pens, paper and throw pillows. In addition, housekeeping will not enter a guest room during a stay unless specifically requested by the guest.

## EXPANDED HEALTH AND SAFETY TRAINING FOR CAST MEMBERS

As Disneyland Paris welcomes guests back to the magic, its Cast Members will play a key role in guiding and explaining new measures to guests, answering any questions and encouraging everyone to follow measures to promote the health and safety of us all.

Prior to reopening, cast members will undergo new training to ensure they are prepared to support the enhanced health and safety measures, encourage physical distancing, and manage contactless payment solutions.

### DISNEYLAND PARIS ASKS ALL GUESTS TO COMPLY WITH THE FOLLOWING REQUIREMENTS WHEN THE RESORT REOPENS

1/ After purchasing admission ticket(s) to Disneyland Paris, guests must **make a dated reservation** through the new online system **Annual Passholders** as well as **guests with room only booking** must also **make a dated reservation for park entry in advance**. **Guests who already have a dated ticket or guest who bought a hotel package with tickets included will not need to make a reservation.**  
All guests with special needs or situation may check [disneylandparis.com](https://disneylandparis.com) or contact Disneyland Paris Central Reservation office.

2/ At arrival, guests will be asked to **present both the confirmation file received after the reservation is secured AND their Park ticket** to be granted access to the Parks.

3/ **Guests will be required to wear an approved face covering during their entire visit**, unless under the age of eleven or except while eating.

4/ Guests are expected to **respect physical distancing and capacity measures**, to read and comply with health and safety measures mentioned on signage in both digital screens and poster displays.

5/ Guests are encouraged to regularly use **hand washing and sanitizing stations** throughout the entire visit.

We all have an important role to play in promoting health and safety. As we do our part, we also ask our guests to do theirs, by wearing face covering and respecting physical distancing and other guidelines. It may be different from the last time you visited. But together, we can find new ways to create magical moments and memories to treasure.

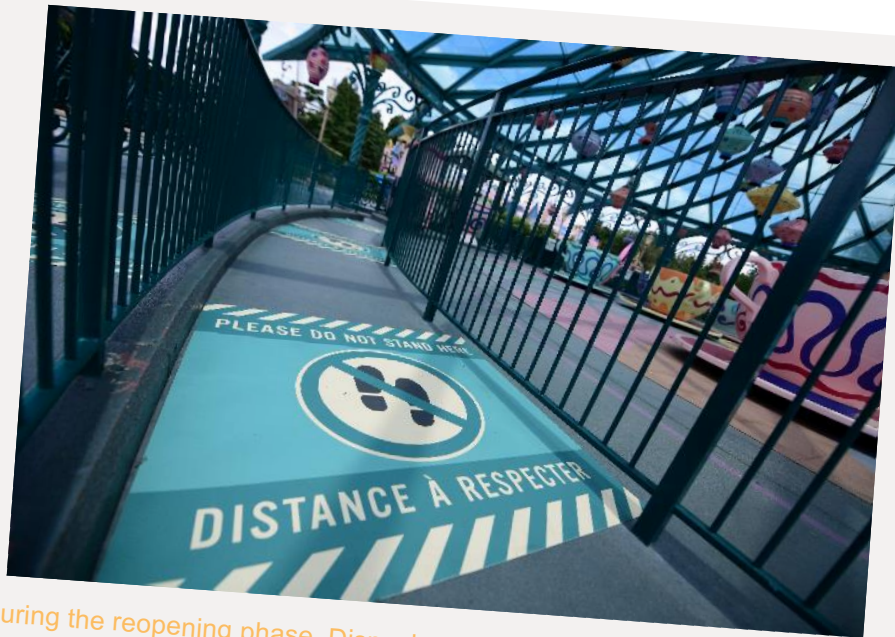

Prior to reopening, the resort will complete a deep clean and sanitation

Boutiques will be reorganized to ensure a larger circulation space

During the reopening phase, Disneyland Paris will institute new measures including accommodating physical distancing in queues, restaurants, ride vehicles and other facilities throughout the park

Sneeze guards will be installed at front desks in all Disney Hotels & Resorts

Contactless payment will be encouraged

## 10 WAYS TO ENJOY THE MAGIC AT DISNEYLAND PARIS WHEN IT REOPENS

Disneyland Paris has announced its eagerly awaited reopening on 15 July. Once again, guests will be able to enjoy unforgettable and magical experiences with friends and family! Let's take a look at the experiences in store and everything guests need to know to make the most of their stay.

### 1. AMAZING SELFIES WITH FAVOURITE DISNEY CHARACTERS

The reopening of Disneyland Paris is, of course, the chance to see some of your favourite Disney, Pixar, *Star Wars* Characters or Marvel Super Heroes. Guests will have plenty of opportunities to experience again a magical moment with them and enjoy unique selfie opportunities. Imagine for instance stepping into an immersive photo experience at Animation Celebration, from Kristoff's barn to Elsa's ice palace. Fans of the Marvel universe will also get the chance to see several of The Avengers members at Studio Theater. Mickey Mouse himself will be waiting for guests on the stage of his very own location Meet Mickey Mouse!

*In line with guidance from French government and health authorities, physical and signage will be displayed as a reminder.*

**A new photo experience with "Magic Shot"!**  
Disneyland Paris and the Photopass Team are ready to entertain guests with a new magical experience. Disney photographers will invite them to pose for a picture and follow specific gestures and attitudes. With a little bit of pixie dust, the result of the photography will feature incredible Disney Characters appearances such as Tinkerbell in the palm of a hand or Stitch messing with the party! Many other Disney Characters and situations will be available with the help of the Photopass Team.

## 2. TRAVEL BEYOND IMAGINATION

A visit to Disneyland Paris means travelling around fantastic worlds on foot and without jet lag! Many exotic destinations have inspired the parks. Here, guests can spend their next vacation exploring a Fantasyland inspired by European fairytales, take a stroll down Ratatouille's Paris, and explore the many wonders of Africa, India or the Middle East in Adventureland. The USA is just around the corner in Frontierland, while Jack Sparrow awaits to take guests on an adventurous cruise through the Caribbean. Guests can even travel around the world in few minutes aboard the happiest cruise that ever sailed at *it's a small world*. And travel for a far far away galaxy in Discoveryland!

## 3. ENJOY MANY THRILLS (AND CHILLS)

Guests can be immersed in powerful stories and board thrilling attractions like *Big Thunder Mountain*, *Hyperspace Mountain* and *Indiana Jones and the Temple of Peril™*, not to mention *The Twilight Zone Tower of Terror™* which will get the adrenaline flowing with its new story lines and drops that are even more unexpected!

*The configuration of each attraction including boarding will be adapted for physical distancing between groups or families.*

### TOP TIP

The **Rider Switch** option allows adults with youngsters or guests who are unable to ride to take turns to board the attraction without having to wait in line again.

#### 4. TIME TO SAY YES TO KIDS & SEE THE SPARKLE IN THEIR EYES AGAIN

Juggling with homeschooling and playtime with their kids while working from home may have been challenging for many guests. The good news is now they can finally say yes and invite them to fly off on the back of an elephant, for real. *Dumbo The Flying Elephant* is just one of the most popular activities among little ones. They will also be able to fly over Neverland with *Peter Pan's Flight*. *Cars Quatre Roues Rallye* is the perfect opportunity to zoom alongside Lightning McQueen and *Toy Story Playland* is THE place to have fun in Buzz Lightyear's universe and enjoy attractions that are perfect for everyone.

#### 5. STROLL THROUGH ONE OF THE MOST BEAUTIFUL GARDENS IN EUROPE

Disneyland Paris is not only about amazing attractions. Particular attention is given to its landscape architecture, making it a huge plant-covered spectacular stage spread over 2,230 hectares. If Disneyland Paris were a garden, it would be the biggest in Europe. The resort has more than 35,000 trees, 450,000 shrubs and 1 million flowers which create an exotic atmosphere and bring the stories to life: from giant redwoods and cacti in Frontierland, to dark an untended vegetation around *Phantom Manor*, to exotic lush greens in Adventureland, to tropical landscape at *Pirates of the Caribbean*.

#### DID YOU KNOW?

Each of Disneyland Park's lands has its own immersive natural environment. The grass is "tidied" every morning and night and the plants chosen, arranged and pruned to add to the décor..

## 6. THE RETURN OF THE LION KING : RHYTHMS OF THE PRIDE LANDS AND JUNGLE BOOK JIVE

*The Lion King: Rhythms of the Pride Lands* will be back by popular demand during summer 2020. Dancers, acrobats and percussionists bring the beloved adventures of Simba, Nala, Rafiki, Timon and Pumbaa to life in this exclusive world-class show. Guests will be able to experience the magic of famous songs that have been re-orchestrated just for this production.

The acclaimed show *Jungle Book Jive* will also return this Summer in a different location. This musical extravaganza is an invitation to a colorful voyage through the Indian jungle. Baloo, King Louie and friends will be joined by a variety of artists to make people dance to the rhythms of the jungle with songs like "The Bare Necessities" and "I Wanna Be Like You". Explorer Mickey and his crew will join the fun with a larger-than-life animal kingdom.

*Theaters will adopt a new seating configuration to promote physical distancing.*

### DID YOU KNOW?

*The Lion King: Rhythms of the Pride Lands* features *chansigné* every weekend (subject to availability). *Chansigné* is a form of expression which choreographs movements to convey both the words and the intensity and emotion of a song.

## 7. DINE AT ONE-OF-A-KIND RESTAURANTS

At Disneyland Paris, restaurants extend the experience – so much so that we call it "EATertainment". In our restaurants every effort is made to immerse guests in their favourite stories, from *Bistrot Chez Rémy* (*Ratatouille*) to *Captain Jack's* (*Pirates of the Caribbean*) to *Pizzeria Bella Note* (*Lady and the Tramp*).

*Restaurants seating capacity will be reduced, while a new Take-Away offer will allow guests to enjoy eating in the many outdoors locations available in both parks. Buffet restaurants will change to a new all-you-can-eat table service offer. Booking is highly recommended for all table service restaurants by calling 01 60 30 40 50.*

**A special menu for little ones:** Disneyland Paris has a wide selection of restaurants ideal for kids to have a break while enjoying their favourite stories with a variety of menus adapted to their nutritional needs, identified by the **Disney Checks** 🍴 symbol. And all restaurants offer high chairs and microwaves to warm bottles and food.

**A little extra for families with young children:** The Disney Hotels and Resorts offer special amenities for children in their rooms, such as cots, bottle warmers, changing tables and services for children and their families, as well as a babysitting service.

## 8. RELAX AT A DISNEY HOTEL OR DISNEY NATURE RESORT

Staying at a Disney Hotel or Disney Nature Resort is an opportunity to extend the magic of the parks and experience a complete change of scenery without leaving France. It's also an opportunity to see Characters and enjoy extra time in the parks with Extra Magic Time. *Disney's Newport Bay Club* hotel will be the first to reopen its doors, followed by the reopening in phases of the other Disney Hotels & Resorts (Disney's Hotel Cheyenne on July 20, Disney's Hotel Santa Fe on August 3, Disneyland Hotel on September 7 and Disney's Sequoia Lodge and Disney's Davy Crockett Ranch later on), with elevated health and safety protocols such as enhanced cleaning in high-touch areas and physical distancing measures.

## 9. A UNIQUE SHOPPING EXPERIENCE

Disneyland Paris is a shopping destination in its own right with 63 shops located across Disneyland Park, Walt Disney Studios Park, Disney Village and all Disney Hotels & Resorts. Each shop has its own immersive universe, architecture, décor and, of course, products and exclusive selections offered there. From the iconic Minnie ears headband to trendy ready-to-wear clothing, every effort has been made to ensure that everyone can get the perfect souvenir that will prolong the magic of their visit to Disneyland Paris, even when they go home!

## 10. ENJOY UNIQUE SURPRISES FROM MICKEY AND FRIENDS

The reopening of Disneyland Paris will be celebrated everyday with unexpected surprises in the Parks. Mickey and friends are preparing some never seen opportunities and create unique memories for guests visiting this summer...so prepare your cameras and get ready to feel the magic!

*Some experiences, shows or events will not be available or may be modified depending on the evolution of the safety and sanitary measures and recommendations from public authorities. Guests can visit [disneylandparis.com](https://disneylandparis.com) for the most recent updates. All the events, shows, attractions and animations mentioned might also be modified, delayed or deleted without advance notice and they are subject of climatic conditions.*

## AND IT'S ALL CLOSE TO HOME!

Whether by train or car, getting to the magic is easy. Disneyland Paris is only 40 km from Paris with direct access from the A4 autoroute, ideally located within reach of major international motorways. Disneyland Paris is also just a few minutes' walk from Marne-la-Vallée/Chessy train station where RER A, TGV and Eurostar trains stop. Those travelling from or via Paris are only 35 minutes away on RER A regional train.

*Subject to changes in carriers' itinerary*

**"There is no magic without you..."** Disneyland Paris is launching a new TV spot called "My Prince" to announce the reopening of the resort. After an unprecedented time in which the destination remained closed for many weeks, Disneyland Paris, the new spot expresses the joy of meeting again with guests who missed Disneyland Paris and that without them magic would not exist. The film shows the icon of the destination, *Sleeping Beauty Castle*, filmed at night by a drone. A reimagining of the classic song "Someday My Prince Will Come" is the soundtrack of the film with lyrics echoing the happiness of being together again ("... Someday we'll meet again, and away to his castle we'll go to be happy forever I know")

## COMING SOON AT DISNEYLAND PARIS

Disneyland Paris will unveil later this year in Walt Disney Studios Park two brand-new experiences where guests can live new adventures with Disney Junior and Pixar Characters! These hand-picked stories which appeal to young children mark a first step in the transformation and reinvention of Walt Disney Studios Park, bringing more Disney experiences to guests in new, immersive ways.

Disney Junior Dream Factory

Cars Route 66 Road Trip

### Disney Junior Dream Factory

**Disney Junior Dream Factory** will be a 20-minute interactive show with singing and dancing, inviting kids and their families to discover a "Dream Factory" along with Disney Junior's most beloved Characters, from Mickey, Minnie and Timon, to rising stars like Vampirina and Fancy Nancy Clancy. Along with Factory Crew Members, the Characters will engage kids and the whole audience with a fun energy while learning memorable new songs.

### Cars Route 66 Road Trip

**Cars Route 66 Road Trip** will be a fully-themed *Cars* experience with new decor, story, music and vehicles, bringing guests along a Route 66 road trip to discover natural wonders such as the world's biggest lug nut and active water springs. Guests will even encounter favourite Characters like Lightning McQueen and Mater along the way.

## COMING SOON AT DISNEYLAND PARIS

### DISNEY'S HOTEL NEW YORK – THE ART OF MARVEL: A FULLY RE-IMAGINED EXPERIENCE ONLY AT DISNEYLAND PARIS

In line with government measures, the construction for *Disney's Hotel New York – The Art of Marvel* was temporarily put on hold, which has impacted the timeline for the hotel's originally scheduled opening (15 June 2020). Once construction resumes and an assessment is made, more information will be available on the hotel's expected opening.

As soon as it opens, this completely reimagined 4-star hotel will exude contemporary New York style and excellent service while taking the form of a modern art gallery that has assembled Earth's mightiest Marvel artwork. Whether guests are longtime Marvel fans or just discovering their inner Super Hero, there will be something for everyone to enjoy.

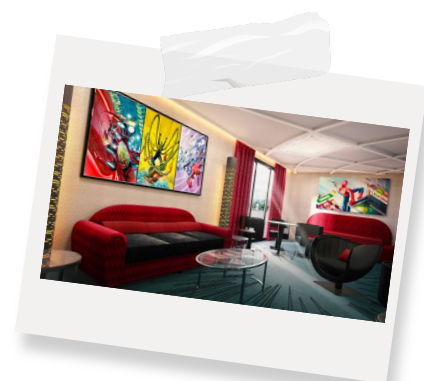

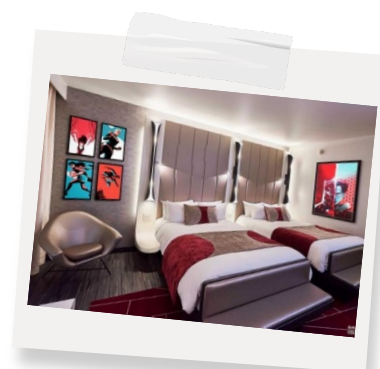

#### Iconic sights. Iconic artwork

Following an unprecedented renovation of an existing hotel property, *Disney's Hotel New York – The Art of Marvel* will be the **first-ever hotel dedicated entirely to the celebration of Marvel art and Super Heroes** and one of the largest publicly viewable collections of Marvel artwork in the world.

Walt Disney Imagineering and Marvel have come together as one team to create a hotel like no other in the world, inviting guests into the Marvel Universe with **more than 300 curated works of art** including some never-before-seen and exclusive pieces designed just for this hotel.

**More than 50 artists** from Marvel Comics, Marvel Studios and more have brought together an incredible collection of contemporary art showcasing the vast scope of the Marvel Universe including comic book covers, posters, illustrations from films, storyboards, original sketches and more.

**From France, Italy, Spain and the United Kingdom to Argentina, Japan, Canada and the United States**, an unparalleled diversity of artistic style will be featured such as classic black-and-white comics, street art, hyperrealism, engraved metal, art deco, and collage.

### Manhattan-style 4-star service

Beyond the refurbishment and modernization of every room at *Disney's Hotel New York – The Art of Marvel*, all **471 Superior rooms** will also showcase several Marvel art pieces integrated seamlessly into the New York inspired décor and offer services such as **luggage delivery, concierge and automobile valet**. All **65 Empire State Club Rooms** will feature extra amenities and services for guests. In addition to the rooms, guests will enjoy a New York City-style experience right down to the food, with unique restaurants and bars celebrating the Art of Marvel.

### A mighty Super Hero stay

*Disney's Hotel New York – The Art of Marvel* will be the only Disney Hotel in the world where guests can meet Marvel Super Heroes.

Special experiences will include a dedicated **Marvel Super Hero Station** for guests to experience heroic encounters with one of their favourite Super Heroes and enjoy exclusive photo locations of some Marvel movies, plus the **Marvel Design Studio** space for children and children at heart to learn to draw some of their favourite Marvel Super Heroes in a setting inspired by the films and comics universe creators.

The hotel will offer contemporary accommodations and personalized services while celebrating the culture and energetic vibe of New York City, with Cast Members committed to creating lifetime memories for guests in an atmosphere of urban elegance.
