**SSD OUTSIDE,
FAST FUN INSIDE**
SV620 External Solid State Drive

ADATA SV620 External Solid State Drive

The ADATA SV620 external solid state drive delivers a totally new storage experience with an excellent cost-performance ratio. It features four times faster speeds compared to external hard drives, while being lighter, quieter, more shock resistant and more durable. Its sandblasted titanium finish creates a subtle, low profile look, and its raised edges protect surfaces from scratching. Available in 240GB and 480GB and compatible with Android, MAC OS and Windows, the SV620 allows users to share, transfer, and enjoy content with all the benefits of an SSD.
Rapid Transfer, Easy Share

- High R/W speed: up to 410MB/s
- 4 times faster than an average external HDD
- 5GB video transfer takes only 26 seconds!
- SuperSpeed USB 3.0 interface

Enjoy all the Benefits of SSD

- Lighter, faster, quieter, more durable, shock resistant and power-saving than an external HDD
- Convenient to use without the hassle of buying an internal SSD and placing it in an external enclosure
