# PROMOTIONS AT BNP PARIBAS REAL ESTATE POLAND

The first quarter of the year in BNP Paribas Real Estate Poland was marked by internal promotions. A total of 10 commercial real estate experts who advise clients on a daily basis, working in office, industrial and logistics leasing departments, as well as in property management, investment markets and design consultancy departments, climbed a step up the career ladder.

*- Promotions within the company are the most rewarding ones, because they show in practice that BNP Paribas Real Estate Poland is a place where many business challenges await you. Our organisational culture is focused on knowledge sharing and provides ample room for development and opportunities to work with people you simply like and enjoy working with. I would like to congratulate each and every one of the promotees on making a step forward and wish them further promotions, of course within BNP Paribas Real Estate Poland – says **Erik Drukker**, CEO BNP Paribas Real Estate Poland.*

Team development through strengthening internal competences, clearly defined career paths and promotions – along with recruitment projects – are the key elements of the strategy under which the consulting company BNP Paribas Real Estate Poland is evolving.

## Up the stairs at the PDC

The promotions took place in the PDC (Project and Development Consultancy) department led by Piotr Rusinek, which provides clients with Project Management, Design and Transactional Advisory Services. The positions of Project & Cost Manager were taken up by **Mateusz Głowacki** and **Mateusz Regulski**. **Przemysław Pyrkowski** was promoted to Director of Project & Commercial Management.

## Changes in the Property Management Department, as well
